A LITTLE ABOUT ME AND HOW I CAN HELP YOU...

My name is Simon Petrowski, Co-Owner and Director of the 30 Day Success Formula.

I have no special education, no special skills or special business background.

I was born in Milwaukee, WI. in 1968. My mom passed away when I was 4 and my dad on Christmas Eve of the same year.

I've worked many odd jobs in my life (bartender, janitor, retail clerk) for many many, many years.

20 years ago I decided to try direct mail. It was great and very lucrative. After years of searching-I finally found something that worked!

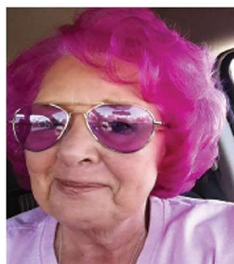

Over the past 5 years, the offline direct mail industry has turned to trash though. I saw a need for a solid, easy to understand program selling real products, and run in an ethical way. So I created the 30 Day Success Formula.

My advice to you?

Don't waste your time at another MLM meeting... or any other silly "Business for sale" screaming out to you, where all you're doing is "buying a job" and exchanging "hours for dollars".

HERE'S WHAT JUST SOME OF OUR DISTRIBUTORS ARE SAYING...

THE POWER of BEING ENROLLED in 30 DAY SUCCESS at the HIGHEST LEVEL is EXCITING!

I just returned from my beach vacation (that I was able to take thanks to my success with 30 Day Success). While I was on the beach my daughter was taking care of my animals at my home, and I asked her to open my mail, and, by the return address, write how much was in each envelope, take a picture of it and text to me so that I could send 30 Day Success a confirmation of the commissions I received so the new member wouldn't have to wait.

Every single day I got some commissions in the mail (this shows you can earn while on vacation!) Most were \$20, \$30, \$50, \$100, \$200 & \$400. I keep a P/L sheet & number them. I was now up to 142. One day I got a text showing a picture of a **BIG WAD of \$100 bills!** This was followed with a text to let me know that I received a whopping \$7,100 commission!!! (my # 143rd)! See picture on next page.

This is money that I made without paying for advertisements! The commission came from a **Level 6 pass up sale** that was produced by the 200 letters 30 Day sent out for one of my downline members. My downline member is enrolled at Level 3 so he received \$400 and the rest rolled up to me. He originally enrolled at level 1, but has upgraded to level 3.

I know there is much more in store for me! FYI, I received my first commission 9/28/18 (from a company mailing postmarked 9/25). Since that date there has seldom been a day when I have not received a commission. **As of 1/14/19 I received my 150th commission!** (This includes direct sales, indirect sales, upgrades and passups!)

BEING A LEVEL 6 VIP MEMBER MAKES THIS PROGRAM TRULY EXCITING! I didn't enroll at Level 6, but used the commissions I got to pay for more mailings and to upgrade all the way up to Level 6. I just wanted to share my story with you because since this is working for me, I know it will work for you too.

I must say, as a pink haired retired 78-year old grandmother on social security (*I love that we have the option to receive CASH only*), I am truly happy

with 30 Day Success. 🧐

(I blocked the name/address of the sender in the attached picture for privacy).

Take care, and create a happy, healthy & prosperous day!

Ms. Barry,

P. S. I am sending this to you, hoping it will encourage you. If I can be this successful, so can YOU!

UPDATE: March 4th, 2019 I've logged my 193rd commission!!!!

Bill's MARCH 18 UPDATE on COMPANY'S MAILING

Hey there! I am sending you an example of my weekly updates that I send to my team showing how many sales I've gotten as well as my downline members. To keep this short and sweet, I really think you should join 30 Day Success if you've been searching for an honest way to make some extra cash.

Below is a copy of the weekly update I send to my downline members:

EXCITING NEWS!!! I had 20 Indirect signups LAST 5 DAYS from COMPANY'S MARCH 4 MAILING.

WHY I know they were from COMPANY'S MAILING?

1. EVERYONE of them included a copy of the Order Form as they were instructed to do so - there is a line "(enclose a copy of this form)" under EACH Box # on the Order Form. This is a major improvement as most new member didn't include a copy of the Order Form in the past and we couldn't track who was the Sponsor for Indirect signups.

2. There are 2 KEY CODES on the Order Form - one on the UPPER RIGHT that looks like a SERIAL NUMBER and one ABOVE "SEND ORDERS TO" that looks like a code for mailing list source.

Here are the 20 members: (2 Sponsors already got 3 signups and 4 Sponsors already got 2 signups last 5 days)

This is what you're looking for.
A real, workable, honest to goodness highly lucrative business.

I'll PROVE To You Every Word Is True!

But first, let me ask you an important question:

WHAT DO YOU REALLY WANT OUT OF LIFE?

Is it lots of money... to live a life of complete personal freedom... to work where you want and when you want... to have time to do the things you LOVE... to read, travel, paint, play music... contribute your time (and money) to charities that warm your heart... deepen your personal relationships... pick your kids up from school everyday... or enjoy the beach during summer without worrying about your boss.

Imagine if your morning drive to the office was a quick stroll to your home office overlooking your garden. You amble in at 10 am or 10:30 am (the time doesn't matter as you have total control over your work hours).

You check your email and there's a list of sales that came in from the night before while you were sleeping. A smile shines across your face... because... you know that each sale on this list is worth at least \$2,000.00 in profit to you.

You check that yesterday's mail and your favorite charity sends you a confirmation slip, thanking you for the \$11,231 donation you made. It warms your heart to know that YOUR donation is going to make a difference to the lives of people less fortunate than you.

The phone rings. It's your accountant telling you about last month's figures for your home based business. She is enthusiastic for your success. But also secretly envious... because... you don't ever seem to work (at least not very hard) and you're making over \$100,000.00 per year (while she slaves in her office day in day out for less).

You check your email and your travel agent has confirmed two overseas trips for you and your life partner. Where are you going? To the sun-drenched Greek Islands to watch the sunset in Santorini, one of your favorite places on Earth?

Or maybe it's Hawaii to sit on a hammock by the ocean, sipping on your favorite cocktail, having siestas every afternoon.

Or would you prefer to go to Fiji?
The choice is yours.

You begin to daydream as you think back to your old life, where you were frustrated with your career, working for a boss whose only purpose seemed to be to make YOUR life a misery. You think about your old workmates who are still there, hating their job (and silently jealous of you because of your new fantastic life).

As you wake up, you look at your clock. It's 3 pm. Time to pick up your children from school. You hop into your new car (perhaps a flashy new Mercedes, or maybe even a BMW) and drive to pick them up. As you pull up, you see their beaming faces smiling at you.
This life doesn't have to be a dream.

This can be YOUR life. How?

SO, AS YOU CAN SEE, THE PROFITS REALLY START TO ADD UP FOR YOU...

How would it feel to make over \$100,000.00 per year, working only part time, from the comfort and convenience of your home?

WHAT WOULD YOU DO WITH ALL YOUR FREE TIME?

Nothing is more important, more precious, more treasured than how you spend your time. I mean, what else do you really have except for time? You have to decide how to spend it. You could spend it doing things you hate, living a frustrated life, despising those around you and missing your kids growing up.

You could miss out on doing the things you truly love, like playing golf, fishing, painting, traveling, playing music, coaching your kid’s soccer team or whatever. Or you can start enjoying your life. You DO have the choice.

How would it feel to work in your shorts and sandals (even your underwear, just a few hours a week) What could be easier?

You take time off for lunch when you want. You can sleep in late if you choose. Have a siesta. Watch a daytime movie if you choose, too!

No heavy lifting. No late nights (if you don’t want). No sweltering hot weather to contend with. No office politics.

You will be the envy of your neighbours. They’ll wonder how you and your family can afford such beautiful possessions and regular exotic holidays, even though you never seem to work. They’ll wonder why you always look so refreshed, energized and bursting with energy.

Your former co-workers will want to know your secret, too. They’ll be curious. They’ll be jealous. Who knows, some may even be upset with you. Why? Because they’re still stuck in a job they hate, while YOU are doing something you love, enjoying a life of reward and deeper fulfillment.

SO, HOW MUCH CAN YOU EARN INSIDE THE 30 DAY SUCCESS FORMULA?

JOIN AT LEVEL	COST	EARN FROM 1ST LEVEL SALES	EARN FROM 2ND LEVEL SALES	Earn yearly (using a 3% response, although it can go up to 8%!)
3	\$1,000	\$400	\$200	\$38,400
4	\$2,500	\$1,000	\$400	\$81,600
5	\$5,000	\$2,000	\$500	\$163,200
6	\$12,500	\$6,000	\$1,500	\$489,600
7	\$27,500	\$10,000	\$5,000	\$1,200,000

17 MORE REASONS WHY YOU SHOULD AT LEAST GIVE THE 30 DAY SUCCESS PROGRAM A TRY...

- 1 You get real products that have great information on starting a business and marketing-unlike other competitors who mainly use cheap/low quality PLR products.
- 2 Our entire company is all about integrity and about credibility. You will always get paid your full commission on time.

The timing is right – Never has there been a better time in history to be in this business. 147 Million people log onto Google every day...looking to start an online business. This is your opportunity to help them and get rich doing it.
- 3 Huge profits – Remember, you're making up to \$10,000.00 per sale. And this doesn't factor in multiple purchases per client or any 'backend' profit streams you make even more money on. You don't have to make many sales to earn a tremendous income!
- 4 No need for warehousing – Unlike other businesses. You don't have to fill your home office with inventory that's just going to collect dust.
- 5 No special computer skills- OR any other skills required.
- 6 No need for employees... no need for employees... no need for employees – I know I've said it three times, but I believe having employees is tough! If you've ever owned a business you know that having employees can be a really expensive. Our staff handles all of your customer support.
- 7 No expensive equipment needed- just an Internet connection, and maybe a laptop.
- 8 No need for rigid work hours – work when you want. You have complete freedom
- 9 No need to find products – we give you everything you need.
- 10 We pay for your first advertising campaign. Nobody else in the nation offers this! The highest expense in the direct mail industry is postage and we cover that for you upfront.
- 11 Top quality leads... You get the Fresh-est, high quality leads generating an average 3% response
- 12 We handle all calls and ship all orders...so this business is hassle free for you...And saves you time and hassle.
- 13 Top quality leads/easier to make sales. We market to the freshest, highest quality leads because we generate our own leads using a "proprietary" harvesting system. This gives us an extremely high average response rate of 3% - higher than any other competitor!
- 14 You get in on the GROUND FLOOR – And get to profit as much as you want.
- 15 We'll even close sales for you
- 16 No hard selling – our 'passive selling system' means you don't have to 'hard sell' anybody, at anytime.
- 17 All ongoing support is provided to you - If you have any questions, queries or concerns, simply pick up the phone and speak to any of our team. You are NOT alone.

I was initially attracted to the offer of compensation for helping others. Now that I'm going through the module, I am deeply impressed with the value. There are key business concepts that are tremendously helpful. I'm on page 21 of 80 and I'm excited to read the rest of it. I have a sound foundation as it relates to starting a business and there's content that helps me. The language is concise, simple and appropriate for someone learning how to start a business for the first time as well. I understand that some will be attracted to the compensation component of the program. I hope that people do take advantage of reviewing the products as well. They're awesome.

Michelle D.

OK. LET'S TALK NUMBERS

If you were to open a conventional business, say a restaurant or pizza shop, you would spend over \$100,000 (for a small one) in shop fitting, equipment, signage, licenses and permits, ads to find new employees etc., etc., etc., (Just look at the businesses clipped from a recent business and franchises for sale section of a Saturday paper).

Then you'll need to take on a commercial lease... and... have cash sitting in your bank account for at least 3 months cash flow (but ideally 6 months), as you build the business.

And of course, once you're all setup and you open your doors, you have to set about actually making some money. You have to get new customers. You have to build a customer database. You'll have to spend even more money on advertising, letterbox drops and anything else that's required to build brand loyalty, and a reputation. And you have to know how to do all of this marketing (or spend years learning how!)

All told you're looking at a bare minimum of \$100,000 PLUS. And this is only a conventional business.

If you're considering buying into a franchise, expect to pay \$300,000 and more... plus... be willing to part with 5-7% of your gross profits (not your true income), FOR LIFE! How much can you expect to make in the conventional sort of business? Well, if you can survive in the first place (over 80% of new businesses go bust within 2 years), you'll have to make at least \$50,000 just to cover the interest on these pumped up costs.

Geez, think about this: if you're grossing \$300,000 per year in a franchise, at a mere 5% franchise royalty, over 20 years you're going to pay back \$300,000 in fees! This is money you could use to pay off your home and secure your retirement!

Is this what you really want? Do you really want to pay out that much in ongoing fees? I doubt it. We've eliminated all that, and made start up cost VERY reasonable and affordable.

JOINING 30 DAY SUCCESS FORMULA IS A FAR BETTER OPTION – THE NUMBERS SPEAK FOR THEMSELVES

For less, much less than you could possibly set up a conventional business or franchise for, we can instantly set you up and get you making money...month in...month out. You won't have to pay for commercial leases, shop fitting, special equipment or stock. You won't have to worry about getting prospective clients. And your investment will not be \$300,000. It won't be \$100,000. In fact, it won't even be anywhere near \$50,000!
